Committee on Sanitary and Phytosanitary Measures

Original: English

NOTIFICATION

Corrigendum

The following communication, received on 19 December 2025, is being circulated at the request of the Delegation of the European Union.

The listing and the measures for regulated non-quarantine pests

On 24 November 2025, the European Union (EU) informed its trading partners of the document "Minimum wording of the additional declaration for Annex V of Implementing Regulation (EU) 2019/2072" (notification G/SPS/N/EU/851/Add.2), with the aim of clarifying the minimum wording that should be included in the Additional Declaration of the phytosanitary certificate in relation to RNQPs, to be acceptable by EU member States.

This corrigendum corrects an error in this document in relation to the minimum information to be provided in the case of pest free areas. The correct version of this document is provided.
